

Gillette Children's Specialty Healthcare

A CHILDREN'S MIRACLE NETWORK AFFILIATE

Gillette Children's Specialty Healthcare is an independent, not-for-profit hospital located in St. Paul, Minnesota. Our mission — to help children, adults and their families improve their health, achieve greater well-being, and enjoy life — is reflected in the dedication and expertise of our health care professionals. All of our employees play important roles in helping patients make the most of their abilities.

We currently have a Polysomnographic Technologist II opening in our Sleep Health Clinic. Current hours for this position are expected to be 8:30pm - 7:00am, Monday, Tuesday and Wednesday.

Requirements Include:

Successful completion of an accredited educational program leading to an associate degree in a related health field,

OR

Successful completion of a Polysomnography program, of no less than one year's duration, associated with a state licensed and/or nationally accredited educational facility or equivalent experience and documented proficiency at all competencies required of a Polysomnographic Technician.

AND

Certification by the Board of Registered Polysomnographic technologists as a Registered Polysomnographic Technologist or equivalent.

Must be credentialed, either certified or registered through the State Board and/or National Board for Respiratory Care. Preferred: graduate of an accredited school of Respiratory Care.

Cardiopulmonary Resuscitation (CPR) – Basic Life Support for Health Care Providers required.

The ability to communicate well, both written and verbally.
