Dear Colleague,

Welcome to the Hudson Valley 2019 Respiratory Care & Sleep Medicine Conference, at the beautiful Poughkeepsie Grand Hotel and Conference Center in Poughkeepsie, NY.

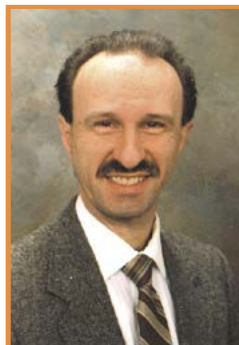

For this special 40th Anniversary, we've compiled ten interesting and pertinent lectures for respiratory therapists and 10 lectures for sleep technologists all being presented by some of the profession's most esteemed speakers.

The topics are pertinent and were all chosen to enable attendees to take practical information back to their respective health care settings. The conference will also feature exhibitors presenting the latest in equipment and services. Drop by their booths to see their products and enter the raffles many of them will be holding.

Of course, in addition to being an educational forum, let us not overlook the social aspects of what has become an annual Fall tradition. Old and new colleagues reuniting at a great time of year (Fall foliage will be in bloom) to learn, network and socialize. See you there !

*Warm Regards,
Bob Miglino RRT BSRT MPS - Focus Conference Chairman*

CONFERENCE FACULTY

David Rapoport MD - is Director of Research in Integrative Sleep Medicine at the Icahn School of Medicine at Mount Sinai Hospital in NYC. He has a long-standing interest in the physiology of sleep disordered breathing and was one of the early contributors to the development of nasal CPAP as a treatment for sleep apnea. He holds multiple patents for improvements on nasal CPAP. Dr. Rapoport is also the founder and President of the Foundation for Research in Sleep Disorders and he is on the Medical Advisory Board of the American Sleep Apnea Association.

Michael McPeck BS RRT FAARC – entered “inhalation therapy” as an OJT in 1965. He lives and works in Stony Brook, NY continuing his 53-year career in respiratory care at Stony Brook University Medical Center where he works in the aerosol research laboratory. He also continues to consult as a respiratory care clinical educator to medical device companies. He presents locally, nationally and internationally. He was awarded the prestigious FAARC honor in 1995.

Ken Capek MPA, RRT – is a veteran therapist of 44 years and the Director of Cardiopulmonary and Support Services at New Bridge (Bergen Regional) Medical Center in Paramus, NJ. He established the first Emergency Hyperbaric Oxygen Therapy Program in NJ. He is the Chairman of the New Jersey State Licensure Board of Respiratory Care and Chairman of the Advisory Committee at Bergen County Community College.

Maurice Sinclair MS, RRT-NPS, CPFT, ACCS – has been a RRT and educator for 10 years. He received his ASRT degree from Manhattan Community College and worked as an RT at Jacobi Medical Center in the Bronx. Simultaneously he earned a BS degree in Health Care Administration and a Master’s Degree in Hospital Administration from Independence University. He is an Associate Professor of Respiratory Therapy at Long Island University in Brooklyn.

Angela Lorenzo BSRT RRT RPFT – was a veteran registered respiratory therapist as well as a registered pulmonary function technologist who just retired from the Veterans Administration hospital in New York City in early 2019 after a career spanning 44 years. She remains an adjunct professor at both Long Island University’s BSRT program in Brooklyn NY and at the Borough of Manhattan’s Community college AS degree program in NY City.

Dr. Steven Thau MD – graduated from the Albert Einstein School of Medicine in Bronx New York. He completed his fellowship training in Pulmonary, Critical Care and Sleep Medicine at Yale University Hospital. He is board certified in four specialties: Internal Medicine, Pulmonary Diseases, Critical Care Medicine and Sleep Medicine. He is the Pulmonary and Sleep Medical Director at Phelps Memorial Hospital in Sleepy Hollow NY.

Meir Kryger MD, FRCPC – is a professor at Yale University school of Medicine. Previously, he was Director of Research at Gaylord Sleep Medicine in Connecticut and the Director of the Sleep Disorders Centre at St. Boniface Hospital. He is the chief editor of the main textbook used in sleep medicine today, *The Principles and Practice of Sleep Medicine*, now in its 5th edition. He has served as president of the Canadian Sleep Society and the American Academy of Sleep Medicine.

Kathryn Hansen R EEGT CPC– is a senior advisor with the Sleep Center Management Institute and President of the Sleep Education Services Institute in Atlanta Georgia and Lexington Kentucky. She is also the Executive Director of the Kentucky Sleep Society and has worked academically and clinically as Director of the Sleep Center at St. Joseph Healthcare in Lexington Kentucky. She is also a member of the adjunct faculty with the Kentucky Community and Technical College system.

Cindy Bravo Sanchez BSRT MPA RRT-NPS – is an Assistant Professor and Director of Clinical Education at Long Island University in Brooklyn, NY. She teaches clinical experience courses which include laboratory exercises dealing with adult and neonatal critical care procedures. She is also trained in high fidelity simulation technology which offers students a chance to practice critical thinking skills in the laboratory for use later in acute clinical care settings.
